**| A 3-Day Course: #190,000**

For over 10 years, we have delivered tangible improvements to organizations by enabling their leaders, managers, and professionals to reach their full potential through transformational learning experiences.

We design and deliver over 50 short courses across a wide range of disciplines. Our corporate training courses are offered face-to-face or online and virtual classrooms and in blended learning formats.

We combine senior-level practical experience with academic thinking to bring together experts to help delegates acquire highly relevant knowledge and skills that they can implement immediately in their roles.

We are well known for providing excellent client service as evidenced by our high levels of client satisfaction and repeat business year after year. At Cipm Nigeria, we emphasize the practical aspect of the learning experience. At least, 50% of each session is spent showing participants how to apply theoretical management concepts to real-life business scenarios.

This way, we can ensure that participants know how to utilize the tools and techniques learned within their respective work situations. We also specialize in tailor-made and in-house training courses. We value our clients' business and will go out of our way to make every training a success.
